Secondary Education (Class X)

Indirabai Lalwani High School, Jamner.

2017 - 2018

Pursuing

CGPA: 8.88

Percentage: 54.62%

Percentage: 70.60%

PROJECTS

• Online CSC Center POS Web Application (2024 - 2025):

The Online CSC Center POS Web Application is a full-stack web-based platform developed to streamline operations at Common Service Centers (CSCs). It enables efficient management of income, expenses, customer records, billing, and work tracking. The system features a user-friendly dashboard, SMS notifications, and advanced reporting capabilities. Built using HTML, CSS, Bootstrap for the frontend, Django for backend logic, and SQLite3 for database management.

- Agro Agency Web Application (2023 -2024): The Agro Agency Web Application is an online platform designed to offer a seamless shopping experience for agricultural products. It acts as a digital storefront, allowing users to browse and purchase a wide variety of farming supplies from the Agency.
- E-Commerce Website Testing (2023 2024): Conducted manual testing for an e-commerce website, Tested user login, product search, cart functionality, and payment flow Validated UI elements, responsiveness, and error handling Performed functional, regression, and smoke testing
- **E-Commerce Web Application (2023 -2024):** An innovative e-commerce platform built with Django, offering seamless browsing, secure transactions, and personalized shopping experiences. Powered by robust Django framework, it ensures reliability, scalability, and rapid development, catering to diverse business needs with ease.
